## **Canadian U19 Women's Field Lacrosse Squad Selections**

Ottawa, Ontario, October 9, 2009 ... The Canadian Lacrosse Association's Women's National Team Program has announced the 50 young and talented field lacrosse players who have been selected to the Canadian U19 National Squad. The 2011 Canadian Team will eventually be chosen from members of the Squad to compete at the FIL U19 World Championship in Hannover, Germany in August of 2011.

Canada East and West Selection Camps were held recently in Peterborough, Ontario and Langley, BC where 160 players, all nominated by their respective teams, played and competed over a two day trial and were observed and evaluated by a team of 21 evaluators with the collective experience of over 40 world events.

The Squad will now work together through the winter months at ACTS, the official indoor training facility of Team Canada in Orangeville, Ontario. Complete details will be available on the website when finalized ([www.teamcanadawomenslacrosse.com](http://www.teamcanadawomenslacrosse.com)).

The team will continue to train, travel and compete over the next 22 months preparing for the 2011 World Championship and is seeking partnerships with potential sponsors in a number of areas. Interested individuals and/or organizations can contact the Canadian Lacrosse Association for more information.

The Federation of International Lacrosse (FIL) was established in August 2008 in a merger of both the men's and women's international lacrosse associations. FIL is responsible for the Men's World Lacrosse Championship, World Indoor Lacrosse Championship, Women's Lacrosse World Cup, and both the Men's and Women's Under-19 World Lacrosse Championships. These events are held every four years.

Canada defeated England to win bronze at the recent 2009 Women's World Cup held in Prague, Czech Republic this past June. At the U19 level, Canada finished 4<sup>th</sup> at the 2007 World Championships, and was third at the two prior events in 2003 and 1999.

## 2011 Canadian U19 Squad

<u>PLAYER</u>	<u>HOMETOWN</u>	<u>CLUB</u>
