## **Canadian U19 Women's Field Lacrosse Squad Selections**

Ottawa, Ontario, August 6, 2010 ... The Canadian Lacrosse Association's Women's National Team Program today announced the 24-player roster that will continue towards the 2011 Federation of International Lacrosse (FIL) U19 World Championship in Hannover, Germany next summer.

The Squad has recently completed its Spring-Summer phase including the US National Tournament in Maryland in May; two weeks of training and competition in late June/early July including stops at Notre Dame (IL), Canisius College (NY), Syracuse University (NY), and ending at the Star Spangled Banner tournament in Baldwinsville (NY); and a final week of training and international test matches in Oshawa (ON).

"We're happy with the direction the team is heading," said Head Coach Scott Teeter. "We've got a talented and tenacious group of athletes, and we've really seen them come together over the last two months. It's an exciting time."

In September, the team is scheduled to play exhibition matches against Ontario University teams and then head south of the border for some fall ball later in October.

Final selections will be made in January 2011, and the 18 member Canadian Team will compete at the FIL U19 World Championship in Hannover, Germany in August 3-13, 2011. The 2011 event will be the first U19 World Championship to be held in Europe. The previous four events have taken place in the US (2), Australia and Canada. The last Championship was played at Trent University in Peterborough, ON in 2007, where Canada finished 4<sup>th</sup>. Canada won bronze in 2003 and 1999.

The Federation of International Lacrosse (FIL) was established in August 2008 in a merger of both the men's and women's international lacrosse associations. FIL is responsible for the Men's World Lacrosse Championship (2010), World Indoor Lacrosse Championship (2011), Women's Lacrosse World Cup (2013), and both the Women's (2011) and Men's (2012) Under-19 World Lacrosse Championships. Each event is held every four years.
