Before the strategies unfold and the first goal has been scored, the game of women's lacrosse starts in the "Centre Circle". What happens here often determines the success of the team.

Team Canada invites you into the "Centre Circle", an exclusive fund dedicated to supporting Women's National Teams in preparation for World Championship and World Cup competition.

Your contribution will help fuel the passion and persistence of Team Canada as they work toward the top of the podium.

SUPPORTING TEAM CANADA

With your gift we will:

- Continue to bring players together from across the country to train and compete
- Increase the quality and quantity of competition through test matches and International tours
- Increase public awareness of the sport through clinics and camps
- Provide information and resources to the lacrosse community

All contributors will be recognized on the Women's National Team website and included in Team Canada Souvenir Programmes printed for World Championship events.

With a financial contribution from those who celebrate the sport and spirit of lacrosse in Canada, the pursuit of a winning tradition continues.

Get involved where it all begins and keep an eye on the teams as their journeys and dreams unfold.

Team Canada Women's Lacrosse

Thank You!

The Canadian Women's Lacrosse Teams would like to thank you for considering these opportunities to contribute. With your support, we will continue to create an exceptional program to sustain our pursuit of a winning tradition.
